NSCIF BASKETBALL PLAYOFF QUALIFYING GUIDELINES

I. DIVISIONS

- A. The CIF Regional and State Basketball Tournament will be conducted in five classifications: Divisions I, II, III, IV, & V. The five-division format shall be based upon the previous year, grades 9-12 CBEDS school enrollment figures. CIF sections shall be responsible for advancing schools in their proper enrollment division as described below:

Division I	2800+
Division II	1600-2799
Division III	1000-1599
Division IV	400-999
Division V	399 and under
Division VI	150 and under (See I.B)

- B. In addition, a Division VI will be added to the Northern Section tournament for schools with an enrollment of 150 or less in grades 9-12 using their previous year CBEDS school enrollment figures. **Division VI schools must complete a Declaration Form (Appendix E) by December 1st of the current season and are not eligible for Regional or State Playoffs. Schools not completing the Declaration Form will remain in Division V.**
- C. Schools that are not members of the Northern Section will be placed in the Division parameters set by the Northern Section for seeding purposes (including Division VI).

II. ADVISORY COMMITTEE

The Basketball Advisory Committee consists of two *voting* representatives from each of the following leagues: Butte View, Eastern Athletic, and Northern Athletic Leagues. One *voting* representative from each of the following leagues: Evergreen, Feather River, *Mid Valley, North Valley, Pioneer, Sacramento Valley, Shasta Cascade and Tri-Cities Leagues.

Committee members may stay on the committee as non-voting members if their position is dissolved by realignment. This maintains stability and a historical perspective for the committee.

III. SEEDING COMMITTEE

- A. The Seeding Committee shall consist of the existing Basketball Advisory Committee. The Chairman of the Basketball Advisory Committee (or designee) shall chair the seeding meeting. The NSCIF Commissioner, or designee, will act as Sergeant-at-Arms at the seeding meeting. All interactions by spectators at the meeting must go through the Section Commissioner/Designee. A league may select a different league representative for seeding purposes.
- B. Tournament pairings must receive Commissioner approval before publication and are final upon that approval.
- C. If a school decides that they do not wish to participate in the NSCIF Championships, the school Principal must notify the commissioner's office by Thursday, 12:00 Noon, prior to the seeding meeting. In the event that there are no teams that qualify to fill the tournament bracket, a BYE will be awarded to the appropriate seed(s).

IV. GAME SITES AND TIMES

- A. Teams with the **best** seed (**smallest number**) will be the home sites prior to the NSCIF Finals. Home sites must be large enough to insure adequate court and crowd facilities. The NSCIF Commissioner may change a home site, if a site will not adequately accommodate the game.
- B. Teams **may not** practice at alternate sites.
- C. All game times prior to the Section Finals shall be at 7:00 p.m. for a single game. Game time for a double-header will be 6:30 and 8:00 p.m. NOTE: Game times may be changed by mutual agreement of participating schools.
****NOTE:** If a school is scheduled to host both a boys and girls game, that school may schedule it as a double-header, **providing it does not split another schools' crowd.** It is recommended that double-header games be played on Tuesday and Friday.
- D. All Championship games will be played at CSU-Chico when available. If CSU-Chico is not available, the Commissioner will select alternate sites.
- E. Game times will be determined by the Basketball Advisory Committee on a rotational basis.
- F. The above days may be changed by mutual agreement between participating schools to accommodate a conflict with other school or Northern Section events. The Section Commissioner must approve all changes.
- G. It is the responsibility of the Principal of each participating school to make a sincere effort to play all athletic events on the scheduled time at the assigned site. Dates, times and sites can only be changed by mutual agreement and with the approval from the Section Office. If it becomes necessary to change any dates, times, and/or sites for whatever reason, the NSCIF President, Playoff Committee Chairman and the Commissioner will work in cooperation with the school administrators to make those decisions.
- H. ***In inclement weather, schools MUST NOTIFY THE SECTION prior to postponing a contest, then follow-up with documentation from their Transportation Department or the Highway Patrol.***

V. QUALIFICATION AND SEEDING CRITERIA

- A. Qualification
 - 1. Due to the different ratio of schools in each division, a general statement of qualification cannot be formulated. See **Appendix D** for the NSCIF basketball seeding formula.
 - 2. The NSCIF will, whenever possible, send representatives from each division to the NorCal Regional Tournament.
 - 3. The Section Seeding Committee will seed all Playoff teams who qualify for the playoffs until tournament brackets are complete. League champions **do not** automatically qualify for the playoffs(**except in Division 5**). In some divisions, the tournament bracket may not have enough qualifying teams and will not be filled.
 - a. Schools/Teams accepting entry into the Section Playoff Tournament are committed to complete the tournament as scheduled.
 - b. Schools/Teams accepting entry into the Section Playoff Tournament must also fulfill State and Regional tournament commitments where applicable.

- c. The School's team failing to fulfill those commitments shall be fined \$1,000 for pulling out of a contest once seeded in the section tournament.
4. All schools qualify for the Section Championship Tournament. There are no minimum qualifying criteria.

B. Seeding Criteria for Qualifying Teams

1. The basic premise for all divisions is that the League finish is the most important part of the regular season for any team. Therefore, teams **will not** be seeded out of their league finish (e.g., a third place team will not be seeded ahead of a second place team from the same league, however, a 2nd place team from one league may be seeded below a 4th place team from another league).
2. Any one-league division will be seeded by league finish. In Division II (or large school division if a school moves to Division I), the Criteria will be:
 - a. League Record
 - b. Head to head competition (to break ties)-***Including non-league games.***
 - c. If still tied-coin flip. When 3 teams are tied, all 3 flip a coin. The odd school gets the lowest seed. The two remaining flip one coin for the high seed.
3. Split Teams in Tournament Competition
 - a. A school may only split a Varsity team once every other year, during a season for competition to exceed Section contest limitations.
 - b. A split team may be utilized only when a scheduled team drops out of a school's tournament within a month before the tournament. Split teams may not be used in tournaments when the host school was not able to complete their tournament bracket.
 - c. One of the split teams must be designated as the school's team of record for that tournament. All contests with this team will be recorded as wins and/or losses and used to calculate Section Playoff points.
 - d. Teams playing non-designated teams (split or second teams) are considered No-Contest games and will not be recorded on their record and will not be used to calculate Section Playoff points.
 - e. Frosh and JV programs may split teams providing the team and/or individuals do not exceed the Section contest limitations.
4. Over scheduling-Status for team. Starting with 2008-09 there will be no more foundation games and **teams will be limited to 26 games**. If teams over schedule the following three items are a list of possible consequences starting with 2007-08. Depending on the intent and the infraction, any level of these consequences could take place.
 - a. Last game(s) are forfeits-but will be played to protect the other teams status.
 - b. All playoff games for the team who overscheduled will be road games.
 - c. The team which overscheduled would be dropped out of the playoffs.
5. The Seeding Committee shall consist of the existing Basketball Committee. The ***Basketball*** Advisory Committee Chairperson will act as the chairman. Due to the importance of seeding all divisions, if a committee member cannot stay for the whole meeting they need to send a ***league approved*** alternate in their place. The seeding will take place as follows:
 - a. The teams will be placed in order based on league finish, then compared based on the NSCIF basketball seeding formula (See ***Appendix D***).

- b. Once this initial seeding is complete, teams may be adjusted based on head-to-head competition if they are in consecutive spots. A team may not be moved more than one place (higher or lower) after being compared by head-to-head competition in their original spot/rank.
- c. The seeding committee may use its discretion to adjust the seeding.
- d. If teams are tied the following prioritized tie-breakers will be used:
 - 1) Division rank (NSCIF seeding formula)
 - 2) Upper division wins.
 - 3) Strength of schedule rating (NSCIF seeding formula)
 - 4) Overall record vs. common opponents (Use ALL games against ALL common opponents to come up with a winning percentage).
 - 5) Coin flip.
6. Consideration should be given to placing top teams from the same league in opposite brackets or at least avoid playing in the first round. Geography needs to be considered (only in drastic situations). Neither of these factors should be used as criteria for initial seeding.
7. The Commissioner has the right to adjust seeding prior to adjournment of the seeding meeting, if he/she determines an inappropriate situation exists.
8. Championship brackets may be altered to accommodate changes in divisions by section schools.

NOTE: It is imperative that all schools report their scores to MaXPreps.com as the information/records posted on that website are used for seeding. Schools are responsible for reporting any errors to either MaXPreps.com or the Section office before the seeding meeting.

C. Divisional Tournament Format

1. Division II will be an 8-team tournament. Teams will be seeded according to Section guidelines. The winner of this tournament will be the NSCIF Division II Champion. The Runner-Up may also be considered to advance to Regional play.
2. Division III will be an 8-team tournament. Teams will be seeded according to Section guidelines. The winner of this tournament will be the NSCIF Division III Champion. The Runner-Up may also be considered to advance to Regional play.
3. Division IV will be a 12-team tournament. Teams will be seeded according to Section guidelines. The winner of this tournament will be the NSCIF Division IV Champion. The Runner-Up may also be considered to advance to Regional play.
4. Division V will be a 16-team tournament. Teams will be seeded according to Section guidelines. The winner of this tournament will be the NSCIF Division V Champion. The Runner-Up may also be considered to advance to Regional play.
 - a. In leagues with mixed divisions, when there are at least four division V schools the top Division V team will be considered the Champion. In cases when there are not four Division V schools, but primarily Division IV schools, a team must finish 1st or 2nd to be considered "League Champion."
 - b. A Division V team will not be considered the "League Champion" when the League Champion opts to be in Division VI.
 - c. For seeding purposes in Division V and VI only, the size of school will be determined by non-league games only.
 - d. For seeding purposes in Division V, all schools in Division V and VI will be considered to be in Division V for seeding purposes.

- e. League divisional games for Division V teams that play in predominantly Division VI leagues, will not count in the seeding process.

NOTE: The League Champions as decided by the Division V Leagues will be seeded in the top 8 teams only guaranteeing a first round home game.

5. Division VI will be an 12-team tournament. Teams will be seeded according to Section guidelines. The winner of this tournament will be the NSCIF Division VI Champion. The Division VI champion or Runner-Up **does not** advance to Regional play.
 - a. For seeding purposes in Division VI, Division V and VI schools will be separated. Div. VI schools will get upper division wins against Div. V schools.
 - b. In Division V and VI only, the size of school will be determined by non-league games only.

NOTE: Schools opting to Division VI must complete the Divisional Declaration Form (See Appendix F) by December 1st and submit to the Section Commissioner.

VI. NORCAL QUALIFICATION

- A. A Section Champion qualifies to advance to the Northern California Regional Championship Tournament (NorCals).
- B. In order to qualify as a Runner-Up and advance to regional play, teams must meet two of the following five criteria ***unless the state will not replace those teams:***
 1. .500 League Record (excluding league matches against higher division opponents).
 2. .500 Divisional Record
 3. .500 Overall Record
 4. A League Champion.
 5. Compete in the Section Championship game.
- C. The NSCIF will, whenever possible, send two or more representatives from each division to the Northern California Regional Championships (NorCals).

VII. STATE QUALIFICATION

Schools must be the NorCal Champion in their respective Division to advance to the State CIF Championship Tournament.

VIII. OTHER RULES GOVERNING THE SPORT

When every team in a division receives a bye in the tournament to the next round, the date of the first scheduled contests will be used to expedite the playoffs. Teams will be allowed to schedule one scrimmage on any round of the play-offs that they do not play as a result of a bye, lack of Divisional teams, or a forfeit.

APPENDIX D NSCIF BASKETBALL SEEDING FORMULA

The NSCIF basketball seeding formula used to rank teams for the Northern Section basketball playoffs. The formula utilizes three criteria to compare all schools:

- A. Overall Record: Teams are ranked in each division by their overall record based as a percentage.

Example:	%	Rank for A
Team A is 20-2	91%	1
Team B is 18-4	82%	2
Team C is 21-7	75%	3
Team D is 7-15	32%	5
Team E is 8-14	36%	4

- B. Record Within Division (This criteria has two parts)

1. Ranked by total number of actual wins within their division
2. Ranked by winning percentage within their division.

These two ranks are added together. The lowest sum receives the highest rank, the second lowest sum receives the second rank, etc.

Example:	Div. Win Rank	Div. % and Rank Sum	Rank for B
Team A 14-2	1	88% 2	3 1
Team B 2-0	5	100% 1	6 2 (tie)
Team C 7-7	2	50% 4	6 2 (tie)
Team D 3-7	4	30% 5	9 5
Team E 5-4	3	56% 3	6 2 (tie)

- C. School Enrollment Ranking (This criteria has two parts)

1. Size of School (SOS) is determined by adding up all of the enrollment divisions of every opponent and then dividing that total by the number of opponents (Exception: Div. V and VI, See V.C.4 and 5, pg. 6). The lower the number is, the tougher the schedule. The higher the number, the weaker the schedule. (Wins and losses do not matter).

Example: Team A has a schedule that includes 5 Division III teams, 5 Division IV teams, 10 Division V teams, and 2 Division VI teams. That gives Team A, a total of 97 points (15+20+50+12) divided by 22 games which equals 4.4. The Size of School percentage shall be rounded to the nearest tenth.

2. Upper Division Wins (UDW) is calculated by adding the total number of wins with opponents in a higher division and ranking them accordingly. **NOTE:** If two teams are tied at rank 2, the next team is ranked 3 in Part C only.

Example:	SOS pts.	Rank	UDW	Rank	Sum	Rank for C
Team A	4.4	2	6	2	4	1 (tie)
Team B	4.5	3	8	1	4	1 (tie)
Team C	4.3	1	2	4	5	2
Team D	5.0	4	1	5	9	4
Team E	4.4	2	3	3	5	3

NOTE: If teams are tied at a rank, the next team follows in order for category C only. For example, teams tied at rank 2, the next team is ranked 3.

- D. Final Ranking

Total the rankings in the three areas (A, B, and C). The lowest total receives the higher rank. See Playoff guidelines for ties in final total points.

Team	Rank in A	Rank in B	Rank in C	Total	Rank
Team A	1	1	1	3	1
Team B	2	2	1	5	2
Team C	3	2	2	7	3
Team D	5	5	4	14	5
Team E	4	2	3	9	4
