NSCIF FOOTBALL PLAYOFF QUALIFYING GUIDELINES

I. DIVISIONS

The NSCIF shall divide the number of participating schools by 10 to create the top three divisions. The largest 10 schools shall be called Division I, the next 10 is Division II, and the next 10 schools shall be called Division III. Division IV will consist of the remaining schools in the Northern Section that play 11-man football.

Division VI will consist of schools playing 8-man football.

NOTE: Only schools with enrollment of 150 or less are eligible for Division VI. Schools must commit to playing eight-man football by February 15th of the previous year.

II. ADVISORY COMMITTEE

The Football Advisory Committee consists of two representatives from each of the following leagues: Eastern Athletic, Northern Athletic, and Butte View Leagues. One representative from each of the following leagues: Mid Valley, Sacramento Valley, Shasta Cascade, ?V, and the 8-man leagues.

III. SEEDING COMMITTEE

A committee comprised of the Chairman of the Football Committee, the NSCIF Commissioner, the NSCIF President, and the NSCIF Playoff Committee Chair shall determine the 6 teams from each division to go to the playoffs.

IV. GAME SITES AND TIMES

A. The highest seeded team shall host up to the final game. The highest seeded team may host the final game if site is appropriate. The Section Commissioner may designate an alternate site. Safety should be the primary reason to use an alternate site.

B. All games will begin at 7:00 p.m. unless the school's regular season games are played at an earlier time in which case the school may play the playoff game at that time. Playoff game times may be changed by mutual consent.

If there would be a need to have two games at one site on the same date, a doubleheader, the times would be at 6:00 and 8:00 p.m.

1. If a doubleheader involves two games in the same division, the team with the highest seed would play the 8:00 game.
2. If a doubleheader involves two different divisions, the division with the largest enrollment will play the 8:00 game.

V. QUALIFICATION AND SEEDING CRITERIA

A. Qualification

1. Divisions I-VI will include the top 6 teams in each division when *any division has more than 10 teams 8 will advance to the playoffs.*

NOTE: When there are four (4) schools or fewer in the divisional playoffs, the playoff dates may be changed to reflect that number.

- B. Seeding Criteria: The following NSCIF Football Seeding Formula shall be used to award points to determine the teams that will advance to the Section Playoffs. The formula is divided into three separate, but equal, portions-Overall Finish, League Finish, and Strength of Schedule.
1. Overall Finish: Teams will receive points based on overall record. The points will be the team's overall winning percentage multiplied by 10. (Examples: Record of 9-1 equals $.900 \times 10 = 9.0$ points. Record of 7-2 equals $.778 \times 10 = 7.78$ or 7.8).
 2. League Finish: League finish will be split into two parts-League record and league placement.
 - a. League Record: A team will receive points based on league winning percentage. The winning percentage will be multiplied by 10 to come up with the League Record Points. (Example: League record of 4-1 is $.800 \times 10 = 8.0$ League Record points).
 - b. League Placement: Team will receive points based on its placement within the League. First = 10 points, Second = 8 points, Third = 6 points, Fourth = 4 points, Fifth = 2 points, Sixth = 1 point. Seventh place and lower = 0 points. (The E.A.L. will receive points as follows: First = 12, Second = 10, Third = 8, Fourth = 6, Fifth = 4, Sixth = 2, Seventh = 1 and Eighth = 0).

Once the League Record and League Placement Points have been determined, they are added together and divided by 2 to determine the League Finish points. (Example: League Record is 4-1 is $.800 \times 10 = 8.0$ League Record Points. League Placement is Second place = 8 League Placement Points. League Finish Points are $8 + 8 = 16 / 2 = 8$ League Finish Points.

3. Strength of Schedule: There are two components to the Strength of Schedule formula-the enrollment division of the opponent and the opponent's final record.
 - a. Enrollment division: A team will receive six (6) points for playing an opponent from a higher division. A team will receive three (3) points for playing an opponent within the same division. A team will receive zero (0) points for playing an opponent from a lower division.

Note: In all Divisions (including Division I), a team will receive points for playing up if they play a school out of our section/state that has an enrollment higher than the highest team in our Division structure, even if that team is lower than the lowest team in the next higher division.

Example: If team "A" is Division III and plays a team out of the section/state that has a larger enrollment than the largest school in our Division III, yet has an enrollment smaller than the smallest school in our Division II, they will be considered "playing up" and will receive those points accordingly.
 - b. Opponent's Final Record: A team (Team A) will receive four (4) points if the opponent (Team B) finishes the season with a winning percentage above .500. This winning percentage WILL NOT include the results of any contest(s) played between Team A and Team B.

Add parts (a) and (b) to get a sum total for each contest (contest points). Add all of the contest points and divide by the number of games played to determine Strength of Schedule Points.

- C. When two teams are tied in the league standings, the points for league placement shall be distributed as a result of head-to-head competition.
- D. Three or more teams that have the same league standing in the same league will divide the appropriate points for the number of places they possess and be assigned the average points earned.
- E. If there are six (6) playoff teams in the Division, the top 2 teams in the division as determined by the points above will have byes in the first round. The number 3 seed will play the number 6 seed and the number 4 seed will play the number 5 seed. The number 1 seed will play the winner of the game between seeds 4 and 5. The number 2 seed will play the winner of the game between the seeds 3 and 6 in the semifinals. If there are only 4 playoff teams in the Division, the number 1 seed will play number 4 seed and the number 2 seed will play the number 3 seed.
- F. The Seeding Committee will rank the teams according to the seeding formula.
 - a. Once this initial seeding is complete, teams **may** be adjusted based on head to head competition. (Teams will only be adjusted in original consecutive spots/rank and may not be dropped more than one rank).
 - b. Teams will not be seeded outside their league finish.
 - c. The Commissioner or designee has the authority to adjust the brackets if he/she determines an inappropriate situation exists.
 - d. Tournament pairings must receive Commissioner approval before publication and are final upon that approval.
- G. All Regular season Varsity games that end in a tie must use the National Federation 10-yard Line Overtime Procedure to determine the winner. (See NFHS Football Rulebook).

Note: If an NSCIF team plays a non-NSCIF opponent and the game results in a tie and no tiebreaker is played, the NSCIF team will be awarded half (1/2) a win toward its overall winning percentage.
- H. Teams that end up with the same number of points shall determine their seed by using the following ranked criteria:
 - 1. Head to head competition
 - 2. Common opponents Record
 - 3. Ties at this point will be resolved by using the following NSCIF Formula:
 - a. Win over team in higher division 4 points
 - b. Win over team in same division 3 points
 - c. Win over team in one division lower 2 points
 - d. Win over team in two division's lower 1 point
- I. "Common opponent" teams can receive League Finish points in only one league.
- J. Prior to the season, the Section Commissioner shall issue a Divisional Chart of Schools based on previous year's CBEDS (9th-12th grades).
- K. All leagues of like classification must have the same ending date for league play.
- L. The ending date of league play must precede the first round of play-off games by at least one week.

- M. Games played with less than 11 players. If Team A cannot field an eleven (11) man squad against Team B (a team that has an eleven man squad), the contest will be considered a forfeit win for Team B. This will be the case even when Team B agrees to play Team A in a game with less than eleven players. If both teams cannot field 11 man squads the game will count in the standings BUT both teams must play eleven (11) men to compete in a playoff game.
- N. If a non-league opponent (Team B) has to forfeit a game, Team A may;
1. Take the forfeit win.
 2. Decline the forfeit and schedule a different opponent and take the result of that contest.
 3. Accept the forfeit and schedule a different opponent and play a no-contest game.
- O. If a league opponent (Team B) has to forfeit a game, Team A may:
1. Take the forfeit win.
 2. Accept the forfeit and schedule a different opponent. The contest will be considered a no-contest game for both teams.
